# DISPLAYS

## 2019

At Vitromex USA, we understand the need for quality merchandising tools. We are proud to have designed the perfect vehicle to show our tiles and inspire design, ultimately encouraging sales. The display units and sample boards are built with durable materials for long lasting life and great presentation.

Vitromex USA has taken the original concept behind our popular CORE display system and enhanced the features and flexibility you need, with the style and simplicity you want. The base display has 8 wings which will accommodate up to 40 sample boards. We have added the Cradle display to boost the CORE vehicle offering and allows you to feature an additional 10 sample boards or individual tile samples alongside the CORE system.

Overall, the entire design condenses many great features into one ergonomically configured layout that warehouses those products you think will best suit your local market. Innovation, versatility and total concept selling are the features we build into every CORE display system.

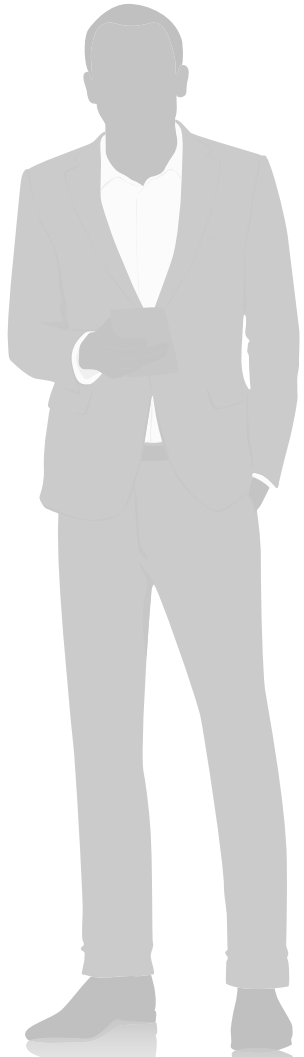

NEW! Feature a simple and elegant plank tile display which is reflective of the product it presents. The base of the display is designed with 12 grooves which hold 7"x40" plank samples. This freestanding display will inspire customers with various plank installations. (Tiles not included)

# LOOSE TILE LABELS

2019

Labeling is essential as it is used for the identification of each product. It enhances the appearance of the item for promotion and classification. In addition, labeling also helps to provide the information about a product to any customer. This function fulfills informative purpose of using a tag such as the Series name, Color(s), Type of tile, Formats and Trims available, and more.
